

Welcome to Fifth Grade!!

I am anticipating a great school year! In order for the students to be as successful as possible, they will be required to practice their Math facts and complete Reading assignments over the course of the summer. This will ensure a smooth transition to Fifth Grade in the fall.

Each student should be practicing their basic Math facts. There are several websites for the children to explore on both the computer and iPad. These websites can be accessed free of charge.

Reading is an important part of each school day. Each student should be reading a minimum of 30 minutes per day. The students will be required to read two books this summer. They may choose any ***Nancy Drew or Hardy Boys*** mystery, and ***From the Mixed-Up Files of Mrs. Basil E. Frankweiler***, by E.L. Konigsburg . The students are to fill out the Mystery book report form for the ***Nancy Drew/Hardy*** Boys selection. This is due the first day of school. We will write a book report for this book together in class. A test will be given on ***From the Mixed-Up Files of Mrs. Basil E. Frankweiler*** the second week of school.

Have a very restful and enjoyable summer!

Mrs. Hunton
